GAMES**

FACTSHEET

Developer: Vankrupt Games

Publisher: Vankrupt Games

Release Date: Coming Soon

Platforms: PC (Steam)

Genre: Casual / Indie / Physics-Based Party Game / Sports

Players: Up to 8 Players (8 Local Co-op / 8 Online Multiplayer)

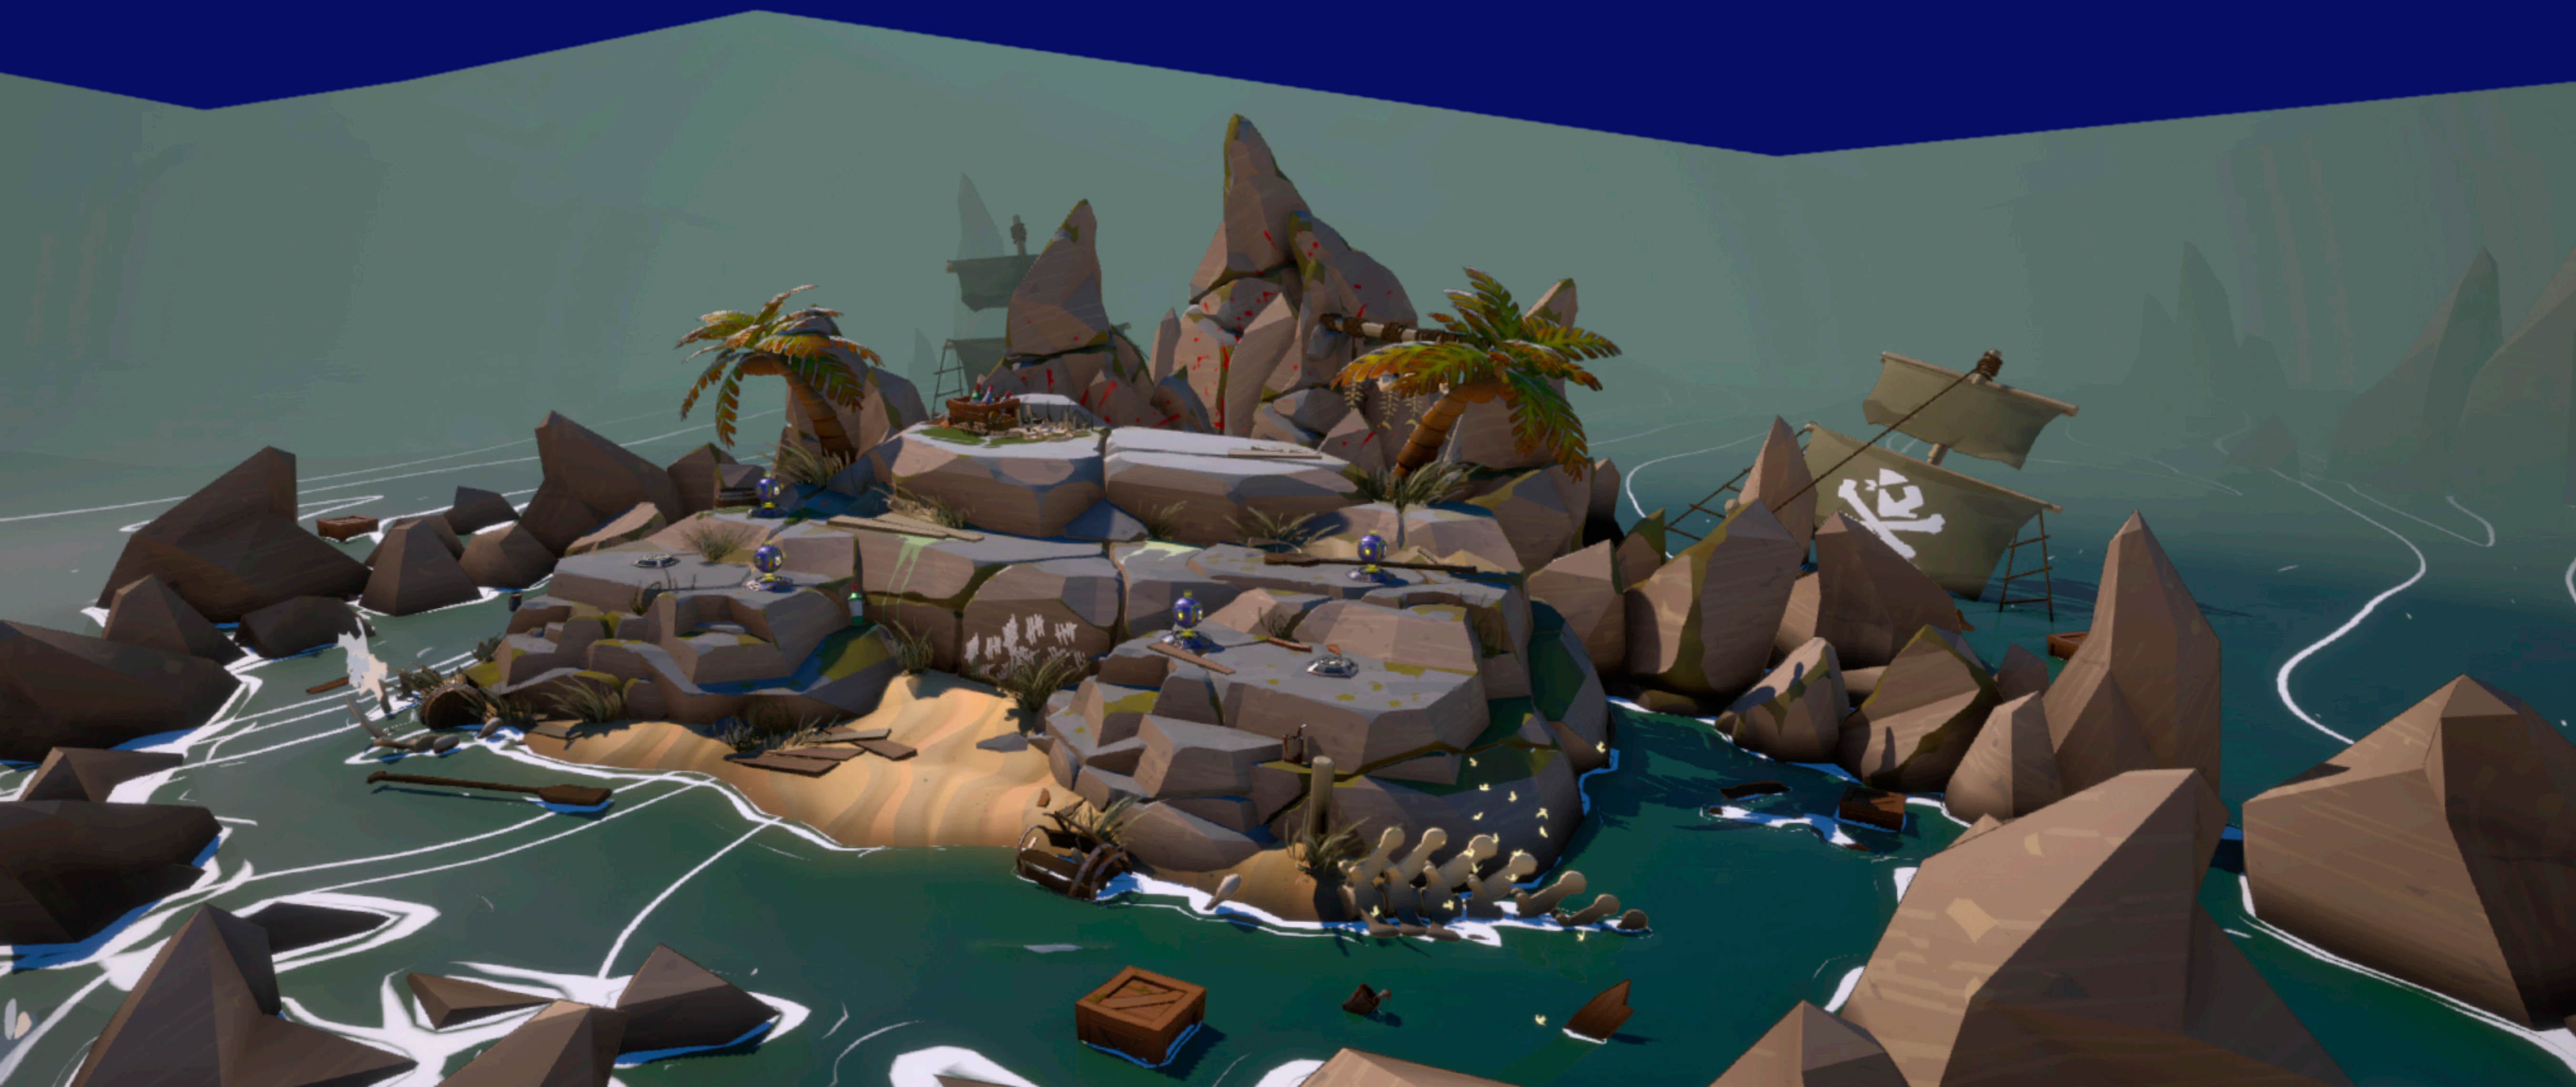

Engine: Unreal Engine 5

KEY FEATURES

It's A Flop combines unpredictable fish-flopping physics with fast-paced party game action. Out of the water and completely out of control, players customize their aquatic fighters to face off against friends in a variety of frantic minigame modes. Every jump, nudge, and slap turns into pure comedic mayhem as gravity and momentum do half the work!

Whether you're pushing opponents off ledges in high-stakes brawls, dodging infected fish in tag, or snatching flags and snacks in frenzy objectives, **It's A Flop** delivers instant, accessible party fun designed for casual gaming nights with friends and family.

KEY FEATURES

8-Player Multiplayer Chaos: Play locally on the couch or battle online with up to 8 players in solo or team-based minigames.

Slapstick Flopping Physics. Every bump, leap, and slide is powered by physics, ensuring unpredictable and hilarious moments every round. Simple, intuitive controls make it easy for players of all skill levels to join in on game night.

DIVERSE MINIGAME MODES

Brawl, Survival & King of the Hill: Slap and shove rivals off platforms to hold the crown and be the last fish flopping.

Sports: Dunk, headbutt, and flop into oversized balls to score goals in soccer, football, volleyball, basketball, and hot potato! Precision is overrated. Winning comes down to who can flop their slippery body into the right place at the right time.

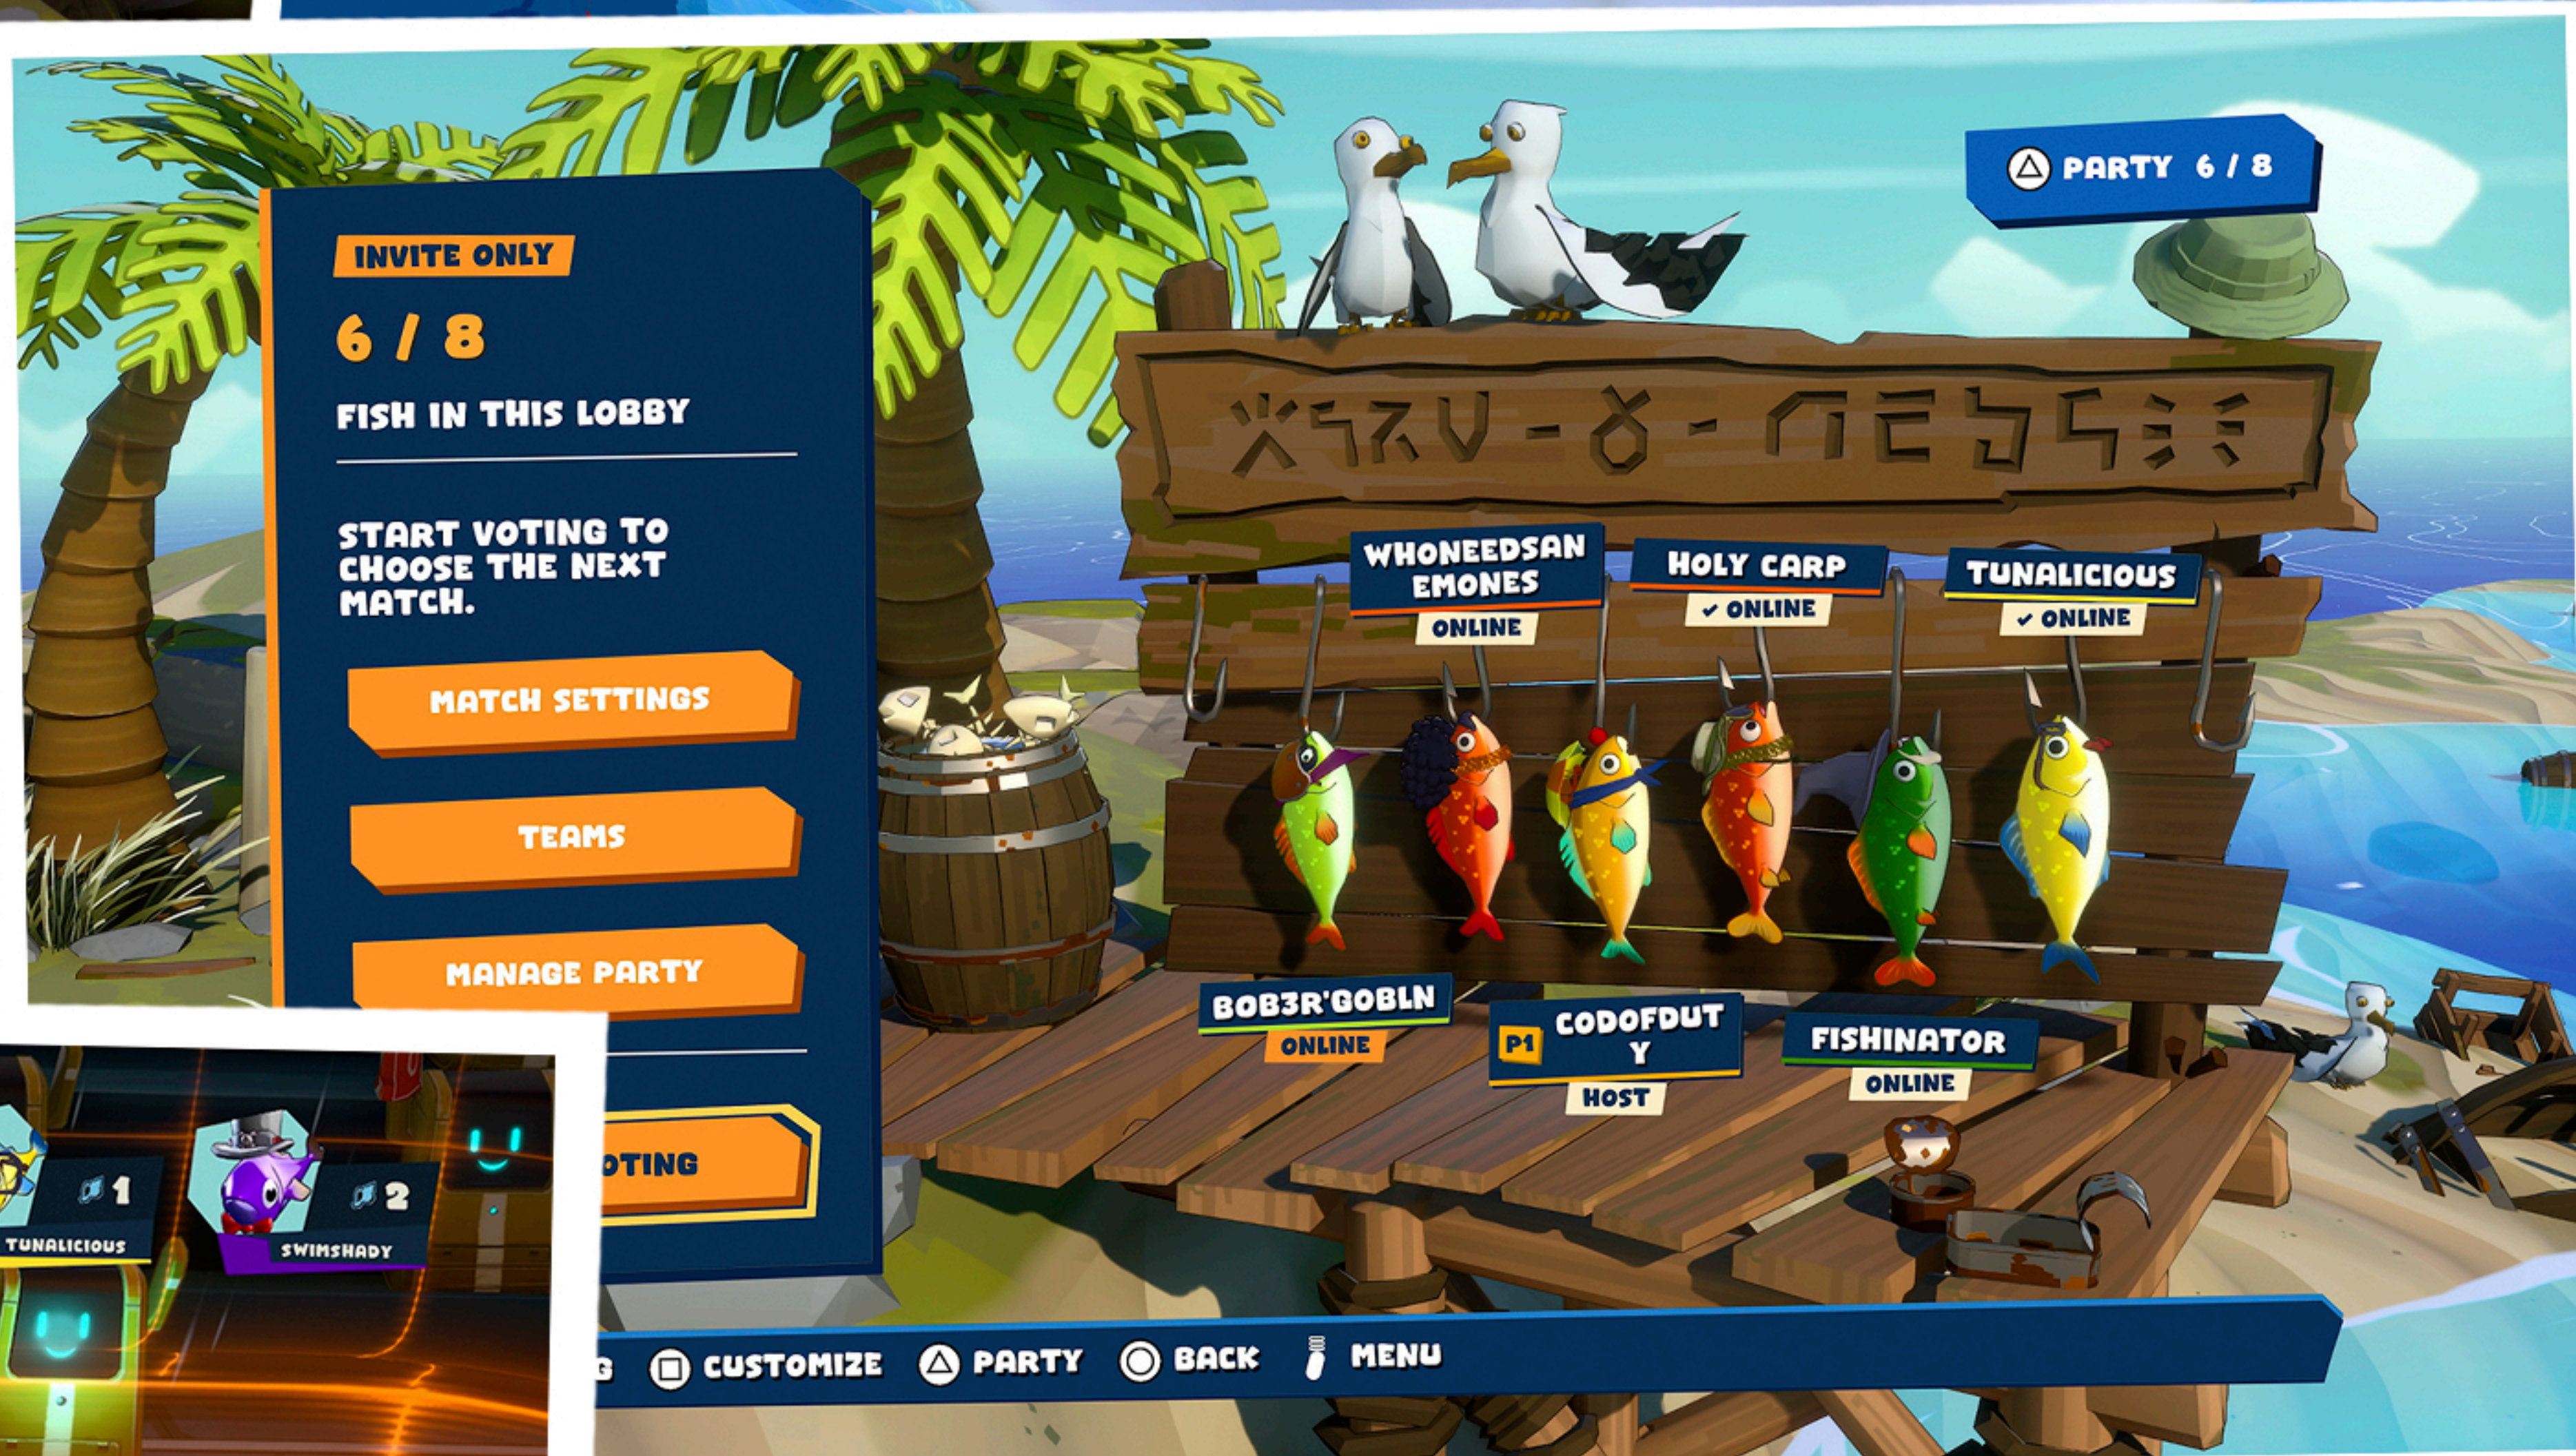

Tag & Infection: Out-flop infected opponents or escape slipping rivals in fast-paced tag action.

Objectives & Feeding Frenzy: Capture enemy flags, guide balls into your team's pocket, or gobble up snacks before your rivals do.

Style your fish with custom skin colors, silly hats, and goofy face accessories.
